

CUSTOM MOLDED CASES

See reverse for more custom molded cases examples.

Experience and innovation makes Platt the leader – since 1921 – in the custom case industry. Our product development team and experienced engineering staff have the knowledge to create a custom solution to fit your unique requirements. Leverage the expertise of our engineers to develop a solution for your branding, protection and organization needs.

- Platt's Custom Molded Case solutions are the best-in-class for protecting, professionally presenting, and organizing your equipment.
- Customized to your specific needs, these cases are ideal for computer, video, audio, medical, electronic instrumentation and industrial equipment.
- Platt's Engineering team is expert in designing your custom case, based on your requirements.
- Build your custom case to fit any needs. Size, pockets, protection, color and portability requirements can all be customized.
- Cases are available with built-in wheels and telescoping handle.
- Foam interiors can be made to your individual requirements using any type of foam, including polyurethane foam, polyethylene foam, low abrasion, or anti-static foam.
- Options include different colors, stacking studs, TSA accepted combination lock, wheels and telescoping handle, key lock, and padlock loops.
- Brand the exterior of your case with custom aluminum nameplates or with a molded-in logo.
- Platt is a distributor of Pelican cases, and can customize your Pelican case with custom foam, branding, sewn accessories and other work.
