

See reverse for more custom sewn cases examples.

Experience and innovation makes Platt the leader – since 1921 – in the custom case industry. Our product development team and experienced engineering staff have the knowledge to create a custom solution to fit your unique requirements. Leverage the expertise of our engineers to develop a solution for your branding, protection and organization needs

- ▣ Build your custom case to fit any needs. Size, pockets, protection, color and portability requirements can all be customized
- ▣ Combine the lighter weight and sharp appearance of a custom sewn case with the protection and organization of a custom foam insert
- ▣ Organize and protect your company's tools with custom tool pallets and rolls – sewn specifically for your set of tools. These pallets can be used along with Platt's extensive selection of tool cases.
- ▣ Brand your case with your logo - high quality embroidery or silk screening are available.
- ▣ Great for sales and marketing reps – professionally display your products to end customers, and protect those products on the road
